

## Wheat Initiative IWC2019 satellite meetings and workshops

### Date:

Friday, 19 July, 2019 (All day) to Sunday, 21 July, 2019 (All day)

### WHEAT PHENOTYPING USING UAVS

**Be a part of the Wheat Initiative 1st International Wheat Congress 2019 (IWC2019) satellite meetings and workshops that will be held in Saskatoon, Saskatchewan, Canada from July 19th to July 27th, 2019. The satellite meetings prior the IWC2019 will be hosted at the University of Saskatoon, meetings during the IWC2019 will be hosted at TCU Place - for all details, please see the meeting/workshop description.**

The IWC2019 is the first meeting of its kind. It will include a balanced program encompassing six areas of wheat research. The program consists of joint plenary sessions and concurrent sessions, with over 100 invited speakers presenting (all plenary sessions will be streamed live on the web and social media platforms). Two poster sessions, field trips, cultural activities, and social events for networking are also included. For more information, please visit <https://2019iwc.ca/> [1].

As a joint host, the Wheat Initiative is happy to announce its internal and public satellite meetings. Please find the overview of all meetings in the table below. Meeting and workshop details will be published in the respective link (right side).
